All,
Nanette Vignola Henry has expressed interest in the lead author role for Chapter 23 – Environmental Permitting. Her updated resume is attached for our review. Joseph Houghton had also previously expressed interest in this role. Therefore, I have also attached his resume. Please review these resumes before tomorrow's call. We will select one of these candidates and the other will serve as co-author.

Thanks,
Doug

Hi Doug,

I had a chance to discuss the lead author role with Nanette a few weeks ago and she is very much interested. Nanette had worked with both Phil Kennedy and Jane Wheeler at CDM Smith, the previous lead and co authors, and she is familiar with the chapter. I informed Nanette that we will discuss this in the upcoming committee meeting and let her know.

Attached is her updated resume.

Thanks.

Cathy

Hi Cathy,

It was very nice speaking to you yesterday. Attached is an updated resume. Please let me know if additional information is needed. I look forward to hearing from you.

Have a wonderful holiday and Happy New Year.
Nanette

Hi Cathy,

I received your voice message from the other day concerning lead author for a chapter of the above. Sorry for the delay in response.

Would it be possible for us to discuss what is required early next week? I am available Tuesday December 19 between 11am and 4pm and then on Wednesday December 20 from 9am until noon.

Thank you and have a great weekend.

Nanette
